

ABOUT GRACE FLEET

GRACE FLEET is an all-inclusive fleet management solutions provider, catering products and services to the comprehensive needs of mining companies and fleet operators.

GRACE FLEET is a Belgium-based operation and boasts multiple fulfillment hubs including South Africa and the UAE with global logistics infrastructure providing procurement solutions of vehicle and aftersales components for fleet operators, with a focus on the Mining industry in Africa.

At GRACE FLEET we provide automotive solutions with warranty vehicles and aftersales support that can be converted for every road environment, along with OEM parts and consumables, with a full spectrum of after-sales solutions and technologies. Our dedicated team of professionals go the extra mile to ensure a one-stop shop and exceptional service for our esteemed clients.
